FREESTANDING SOLID OAK

The
Freestanding
KITCHEN COMPANY

www.TheFreeStandingKitchen.com

THE HEART OF THE HOME

It's where you entertain, make gingerbread men with the children, perhaps do the crossword and of course create culinary delights for all the family! However you use your kitchen, enjoy it! Make it the heart of the home. You could say it's where you spend most of your time, so why have a room that's clinical and soulless? Make it a tactile, warm and enjoyable area that delights you each and every time.

This range exceeds all these expectations providing both the tactile, characterful benefits you can only get from solid oak. It's the real deal character grade oak combined with traditional craftsmanship at a very affordable price.

HOW IT'S MADE

All our cabinets are made from a solid character oak with reclaimed pine (usually used in the bases and drawers). Even the painted cabinets are solid oak and therefore retain the benefits making it a real eye catcher! We use a light stain and lacquer and then finish the

cabinet with a furniture wax, which ensures they will retain their charm for years, all you need to do is give them a wipe now and again! They work equally well in a fitted run or as a traditional freestanding kitchen. Simply place, level and fit the worktop. What could be easier?

Dovetail joints as standard with us, along with solid timber bases. Guaranteed to last! Upgrade to soft closers for that final touch of luxury, hidden under the drawer box, we only use the finest quality mechanisms available.

Solid 40mm thick Iroko or oak work top will create a great look and last for years. The draining grooves shown here are a great feature and certainly add the final touch.

Fully designed to accommodate any integrated or freestanding appliance. From a coffee machine to integrated fridge or freestanding dishwasher, we have it covered.

OUR 2013 RANGE

All handles ready attached, standard handles shown, please ask for your preference. All plinths, kick boards and cornice already attached. No need for end panels as the cabinets are fully assembled when delivered.

HOW WE WORK FOR YOU

1. Send us the dimensions of your kitchen

2. We will send back a great design and an unbeatable quote! (free to you)

3. We will then organise an online meeting to finalise the design (free to you)

4. During the meetings you can change the design and ask any questions (free to you)

5. Once it is designed perfectly, you are welcome to place your deposit if you wish!

PAINTING

We can paint these solid oak cabinets to any colour you like! We use very high quality polyurethane paint with two coats of primer and topcoat, allowing the character and texture of the oak to remain.

Due to printing variations please do not use this as an exact colour match, it is intended as a guide only.

PAINTED FINISHES: HERITAGE WHITE, BLUE GREY & COOKING APPLE GREEN

Small cupboards	£80
Medium cupboard	£130
Large cupboard	£150
Bespoke colour	£85

Other colours available on request.

Blue-grey.

Our standard colour Heritage White

Cooking Apple Green

GRANITE WORKTOP

Our Granite is a lovely black with little grey/white speckles at 40mm thick and is available in up to 2.1metre lengths either with a single butler sink cut out or as a blank to span more than one cabinet! We have granites ready made for all individual cabinets if required with a bullnose detail to the front and sides. As with our cabinets we are able to provide an alteration service such as cutting down the length or removing the bullnosing to fit against a wall or range, but we would suggest that a granite fitter is used for making return joins and some sink/hob cut outs. Please ask us for more details!

Granite blanks (to span multiple cabinets) 2135 x 665 x 40	£320
Any 740mm wide cabinet individual top 770 x 665 x 40	£175
102 Individual top 950 x 665 x 40	£195
104/121 Individual top 2135 x 665 x 40	£320
105/106 with single butler sink 2135 665 x 40	£360
107 Individual top with single butler sink 1370 x 665 x 40	£275
108 Individual top with 1 ½ bowl sink cut out 1370 x 665 x 40	£275
113 Individual top 1340 x 665 x 40	£275

119 Individual top 1220 x 665 x 40	£250
120 Individual top for a double butler sink 970 x 665 x 40	£250
122 Individual top 1050 x 1050 x 40	£270
Granite re-finishing service (per item)	£60
Draining grooves per side	£220
Granite up-stand 2110 x 100 x 20 per length	£95

TIMBER WORKTOP

At the Freestanding Kitchen Company we love timber worktops and find given the right installation they will last you forever! We supply beautiful staved solid 40mm Iroko or oak worktops to a maximum length of 4 metres. Other timber tops can be supplied, however in our opinion Iroko as it has natural oil and strength to it and oak for its hardness are the best choices! Both will need several coats of worktop oil once it has been installed and then once every six months thereafter! We are able to produce the worktops with any sink or hob cut out as required, or for that really classy finish why not have draining grooves?

Oak/Iroko 40mm solid worktop	£160 per metre
Upstand in Oak/Iroko 20mm x 100mm	£32 per metre
Draining Grooves in wood Inc. Sink cut-out	£135

ALTERATION & BESPOKE CABINETS

Whilst this range of cabinets covers most kitchens, we realise that you are an individual and therefore might need something a little more bespoke. To ensure you get exactly what you want we are able to alter any of the cabinets to your specification, be it reducing the length of a cabinet to maybe adding shelving instead of an appliance space. We have it covered, just ask! As a guide alterations fit into three price brackets of £90, £150 and £210 depending on complexity.

Whatever you need we have it covered!

SINKS & TAPS

Single Butlers sink	£199
Double Butlers sink	£330
Medici Ceramic 1.5 bowl drop in sink	£295
Baroc Tap available in Chrome, Nickel, Gold & Bronze	£168
Clearwater Elegance Tap in Chrome, Nickel, Gold & Bronze	£180

SOFT CLOSE DRAWERS & DOORS

The doors and drawers are solid timber as standard, with solid bases and solid drawer runners. These work very well, but can get a little heavy when filled with knives and forks. So to deal with this we can add drawer runners with soft close systems at an extra cost. We can also add a soft close system to the top of the door which adds a touch of class to your solid oak freestanding kitchen. With these systems added it's hard to tell if the kitchen costs £3k or £33k. Prices are £90 per drawer and £35 per door. All you have to do is ask for soft close when you order.

ACCESSORIES

CODE: 753

Cutlery Gift Box Set 44 | £260
